

KNIGHTS OF COLUMBUS
REPORT OF STATE ADVOCATE

MARCH 2021

During the course of the last calendar year I have reviewed the requirements and issues regarding Home Corporation agreements, the Safe Environment program, the form 990's and the concerns regarding the Building the Domestic Church through our local parishes and its impact on scouting and youth programs. In December of 2020, I sent the letter requesting all local councils to submit proposed resolutions to me as prescribed by the By-Laws of the Montana State Council.

I took all properly and timely submitted resolutions as well as the resolutions from the state officers and compiled the final set to be submitted to the State Council at the virtual convention to be held in April 2021.

I conversed and discussed any issues and concerns with the councils, state officers, and others and assisted in getting them into proper form for consideration at the 2021 state convention.

Vivat Jesus,

Jim Taflan

State Advocate
